

22nd January 2024

Ref: POW_44944

Dear Sir or Madam,

Further to your question regarding the presence of restricted substances detailed below, we would like to inform you as follows.

Substance Name	CAS Number
Formaldehyde	84-69-5

AkzoNobel Powder Coatings does not knowingly or intentionally add these substances to the formulations of products listed in **Annex A**.

Please be advised that AkzoNobel Powder Coatings has relied upon received supplier documentation on any purchased raw material composition. We cannot be held responsible in the unfortunate event that supplier documentation is incomplete. We work with our suppliers to provide full information however we do not routinely conduct testing of incoming raw materials therefore some naturally occurring raw materials may contain trace amounts of impurities.

Yours faithfully

On behalf of AkzoNobel Powder Coatings

Daniel Robinson
